Young Love

Brooke Orlandi grew up in sunny Rome, Italy with all the normal things an Italian girl from a working class family had, with the exception of one thing. Her mother adored the English language so she made sure Brooke learned English at an early age.

Craig Lewis grew up in New York City. He attended exclusive schools and was known by everyone as America's Golden Child. Everyone wanted to be his friend because he was rich, gorgeous and came from an affluent family. He had it all, or so everyone thought.

Brooke and Craig meet at the John Lewis College in Rome, Italy. She tries to keep to herself, reading and studying most of the time. Craig's perspective on life is completely different to hers and he charms Brooke into trying new things. Before she knows it, he takes her on the ride of her life. She slowly lets him into her heart - a place that nobody has touched.
